

16 décembre

For your information, it would be good if someone from "Witnessing Together" could attend, but the notice is very short and the time of year already too busy for most of us... rg

IOM are asking for migrant churches and community to be invited to attend their **commemoration of the International Migrants Day this coming Friday 18th December from 3.30 until 4.30 approximately at IOM headquarters located Route des Morillons 17, 1218 Grand-Saconnex.**

I am afraid I was only informed about this on Mon and I cannot make it but I've got a colleague representing the WCC.

If members of the Witnessing Together can attend this event it will be great. Please pass on the information if you can and anyone who would like more info if they can directly communicate with the person from IOM below that will be great. I do not have a prog of the event myself.
